

## *The Sanctuary at Three Bridges*

Does life seem a bit scary right now, a bit uncertain?

Do you worry about the future?

Is there no quiet place in your life?

Is there no place where you can go to be alone to process your thoughts and to make hard decisions?

Then give *The Sanctuary at Three Bridges* a try.

**We are in the storm but the storm is not in us.**

The Sanctuary in Three Bridges is a place where you can be alone with your thoughts. The Sanctuary is a place where you can communicate with God, who will listen to you without being critical. This is a place where you can speak with a Holy God who loves you and knows what you are going through.
